## SUPPORTING NARRATIVE

**Snapshot Date:** 31/03/2019

Mulberry Schools Trust was established in May 2017, this is the first year of reporting for the gender pay gap. This report and its data provides a baseline for the Trust to compare to in future years to identify any trends and inform action plans.

Mulberry Schools Trust is made up of 3 schools;

- Mulberry School for Girls is a girl's secondary school and sixth form
- Mulberry Academy Shoreditch is a mixed secondary school and sixth form
- Mulberry UTC is a University Technical College for ages 14-19

There were 304 employees in total across the Trust on the snapshot date; 217 female and 87 male. It is comparable to the wider education sector that the majority of the workforce is female. At Mulberry Schools Trust the workforce is 71.4% female and 28.6% male.

There are some widely recognised factors that impact the gender make-up in the education sector. More women apply to work in the sector due to attractive flexible working patterns. There are more opportunities for part-time and term-time only contracts to enable people to work around caring responsibilities.

Mulberry Schools Trust has worked hard to create equitable opportunities for all employees and are proud to report a gender pay gap of less than 1%. The Trust is committed to reduce the gender pay gap figure to zero and ensure equality for all staff.

It is Trust policy to evaluate all jobs using the 'GLPC Job Evaluation' scheme to ensure fair and equitable pay in each role. The recruitment process is monitored by the HR team to ensure that there is no gender bias in recruitment processes from start to finish.

Mulberry Schools Trust do not pay any bonuses to staff.
